End Application:

Cp-1400 fds and cpt

Furnished Items And Quantity:

Bilingual cable ports 3

Power Source:

External

Product Name:

Fireboard 800

Special Features:

Capable of supporting serial data rates of s400 and s800; 3.3 v and 5v pci bus signaling; 33 mhz/64 bit and 33 mhz/32 bit selectable pci interface; successfully passed en55022 and en55024 emi test procedures

Functional Description:

Provides throughput and bandwidth to move data between the pci and 1394 busses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30800
