Overall Length:

4.640 inches

Overall Height:

0.628 inches

Overall Width:

1.480 inches

Operating Temperature Range:

+0.0/+50.0 degrees celsius

End Application:

Gland

Display Type:

Liquid crystal

Special Features:

Storage temperature is -20 to +70 degrees c; display format is 20 characters x 2 lines; display fonts are 5 x 8 dots (1 character); viewing area is 3.320" (w) x 0.744" (h); weight is a of 90 grams; lcd type is ntd-7057 (stn / yellow-mode / transmissive); viewing angle is 6: 00; backlight is led backlight / yellow-green

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A506z0
