**Alternating Current Voltage Rating In Volts:**

100.0 and 240.0

**Power Source:**

External

**Product Name:**

Port expansion module

**Special Features:**

Jdevice type modem/nic, device format internal, platform supported pc; highest data speed 56k; protocol supported v.90-k56 flex; lan port (s); 10/100base-tx (rj-45) autosensing rj-11; pe2161rcs; 8 in/out, cat5in

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A30800
