Alternating Current Voltage Rating In Volts:

100.0 and 240.0

Power Source:

External

Product Name:

Port expansion module

Special Features:

Jdevice type modem/nic, device format internal, platform supported pc; highest data speed 56k; protocol supported v.90-k56 flex; lan port (s); 10/100base-tx (rj-45) autosensing rj-11; pe2161rcs; 8 in/out, cat5in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30800
