Overall Length:

19.000 inches

Overall Height:

1.700 inches

Overall Width:

23.620 inches

Operating Temperature Range:

+0.0/+45.0 degrees celsius

End Application:

S-76 simulator

Display Type:

Liquid crystal

Unit Design:

Rack mounted

Diagonal Display Size In Inches:

15.0

Display Resolution:

1024 horizontal and 768 vertical

Special Features:

105-key keyboard with integrated touch pad, osd built-in and auto scanning

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506z0
