Overall Length:

3.150 inches

Overall Height:

3.160 inches

Overall Width:

1.240 inches

Key Quantity:

16

End Application:

An/wld- (v) remote minehunting system

Features Provided:

Touch pad and lcd display

Unit Design:

Portable and free standing

Product Name:

10511-1100-03

Key Type:

Touch pad

Special Features:

Flexible interconnect with external inputs/outputs (j1 and j2) will be interconnected via a double sided flexible circuit interconnect to a dual row, 50 military pitch, 10 pin header on the display pwb (a1j1). The lcd display screen is 2.382 in length and .617 in width.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A509m0
