**Overall Length:**

3.150 inches

**Overall Height:**

3.160 inches

**Overall Width:**

1.240 inches

**Key Quantity:**

16

**End Application:**

An/wld- (v) remote minehunting system

**Features Provided:**

Touch pad and lcd display

**Unit Design:**

Portable and free standing

**Product Name:**

10511-1100-03

**Key Type:**

Touch pad

**Special Features:**

Flexible interconnect with external inputs/outputs (j1 and j2) will be interconnected via a double sided flexible circuit interconnect to a dual row, 50 military pitch, 10 pin header on the display pwb (a1j1). The lcd display screen is 2.382 in length and .617 in width.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A509m0
