Overall Length:

6.890 inches

Overall Height:

0.472 inches

Overall Width:

4.980 inches

Display Type:

Liquid crystal

Unit Design:

Panel mounted

Product Name:

Display module, colr

Highest Display Capability:

Vga

Diagonal Display Size In Inches:

6.4

Special Features:

Sharp lq64d343 color tft-lcd module; 16cm/6.4in vga format; built in long life ccft backlight (50000 h); wide viewing angle (horizontal: 120 degrees, vertical: 90 degrees); anti glare treatment; high brightness (300 cd/m2); low reflectance.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
