End Application:

F124

Design Type:

Hard card

Unit Design:

Internal

Product Name:

Hard drive

Drive Quantity:

1

Data Storage Capacity:

9.00 gigabytes

Drive Size:

9.00

Special Features:

Next higher assembly radio communication and message handling system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505e0
