Mounting Type:

Panel

Direct Current Voltage Rating In Volts:

24.0

End Application:

Panel plc, operator

Power Source:

Self-contained or external

Product Name:

Net-aic

Special Features:

Features include: two isolated rs-232 connections (one 9-pin d-shell and one 8-pin mini din), a rs-485 6-pin phoenix connection, accepts power via 8-pin mini din from the micrologix 1000 or an external power connection, compatibile with existing slc dh-485 networks that use 1747-aic's, auto baud rate capability for ease of system set-up, diagnostic leds for monitoring port and network activity; typical applications are: connecting micrologix 1000 micro-plcs to a dh-485 network, connecting the rs-232 port of an slc 5/03 or 5/04 processor to a dh-485 network, connecting a personal computer to a dh-485 network, extending dh-485 networks to 2, 438 meters (8, 000 ft), connecting a three node dh-485 network using two rs-232 devices and one dh-485 device (slc 500 fixed, 5/01, 5/02, etc).

Shelf Life:

N/a
