Automatic Data Processing Interface Unit - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/7025-01-535-7854

Mounting Type:
Base
End Application:
Sb-65034-10 (1sbh3), 19inch ruggedized cabinet
Unpackaged Unit Length:
7.75 inches
Unpackaged Unit Width:
5.00 inches
Unpackaged Unit Height:
1.50 inches
Furnished Items And Quantity:
Additional physical features: housed in blak casing (5 in x 7.75 in x 1.5 in); name appears on underside of unit; one red led and one green
led on the front panel indicate status of the set during normal operation, and the result of the self-tests when intially powered. Rear panel
description: phone connector accepts one end of the d8w phone line cord to connect a two-wire voice terminal to the module; line power
connector accepts of one end of the d8w telephone cord that connects between the 8400b plus data module and either a pbx wall jack
already powered by a closet supply, ora power supply, which is connected to the pbx wall jack; eia connector interface provides an
interface between the 8400b plus data module and the terminal device. If the communications port on the terminal device is a 9-pin interface,
use a cord with db9 male connectors on each end to connect the data module to the terminal device.
Power Source:
External
Input Intelligence Type:
Digital
Output Intelligence Type:
Digital
Product Name:
8400b plus data module
Special Features:
Features include: nonvolitile, read-write memory for storing installation options, two data options profiles, and up to four telephone
numbers; an at command interface that emulates a hayes 24 smartmodem (tm) and supports storage of the wait time for carrier detect
interval (s-register s7) and voice call origenation using the atdp command; automatic speed and parity adjustment; even, odd, mark,
space or no parity; automatic data throughput adjustment; power-up self test; local and remote loopback tests with test duration timers;
voice terminal powered by the pbx in not affected in ac power is removed from the 8400b plus data module; full-duplex asynchronous data
module; data service link between data terminal equiptment device, two-wire telephone; and a lucent technologies definity commandes
system g3v2 or later.
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
