Overall Length:

18.500 inches

Key Quantity:

132

Operating Temperature Range:

+0.0/+50.0 degrees celsius

Computer System Type:

Ps/2

End Application:

An/fps-123 v1 & v7

Unit Design:

Portable

Product Name:

Keyboard, specialize

Interface Type:

Ps/2 special connecting plug

Key Type:

Push button

Special Features:

Dprogrammable; 44 relegendable keys; greater than 50 million cycles; current-25ma; ps/2 keyboard w/wedge port-standard, re232c-optional, usb-optional; includes cable and windows programming utility

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A509m0
