Overall Length:

5.500 inches

Overall Height:

3.400 inches

Overall Width:

10.500 inches

Frequency In Hertz:

60.0

Operating Voltage In Volts:

130.0

Unit Design:

Rack mounted

Interface Type:

Rs 232c

Special Features:

Provides an interface for the ash-37 recorder-converter and memory unit, it bridges a laptop computer with the recorder-converter and memory unit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A502f0
