Usage Design:

6-port mini hub

Material And Location:

Plastic case

Unpackaged Unit Weight:

5.570 ounces

Coupling Method:

Electronic

Special Features:

Color is white; self or bus powered; operation temp is 41 degrees f to 104 degrees f; power supply input 100-120v ac; output dc 12v-1.5a (15w max); center positive polarity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T389-c
