Overall Length:

78.000 inches

Overall Height:

50.000 inches

Overall Width:

27.000 inches

Features Provided:

Software

Unit Design:

Free standing

Buffer Size:

256.0 megabytes

Plotter Type:

Thermal

Environmental Attribute Code:

Energy efficient - femp - low standby power - office equipment - printers

Special Features:

Print size: up to 60 in x 300 feet; print speed: up to 569 sq.Ft. Per hour; resolution: 1200 x 600 dpi; connectivity: parrallel and 10/100base-tx

ethernet: memory 256 mb ram; 40 gb hard drive; roll feed, sheetfed and take up reel; automatic cutter; print speed 569 sq. Ft. Per hour

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
