**Alternating Current Voltage Rating In Volts:**

5.0

**Storage Temperature Range:**

-30.0/+55.0 degrees celsius

**Furnished Items And Quantity:**

Cd-rom 1, power supply 1, user manual 1, installation guide 1, registration card 1

**Current Rating In Amps:**

1.0

**Special Features:**

Built in security using 128-bit encryption and authentication; lan printing; supports up to seven simultaneous users; works seamlessly from a desktop computer or pda

**Frequency In Hertz:**

2.4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A30800
