Overall Length:

7.000 inches

Overall Height:

1.600 inches

Overall Width:

5.700 inches

End Application:

Adp support equipment, adp input/output and storage devies and electrical and electronic components

Power Source:

External

Interface Type:

Scsi

Memory Size:

160.0 gigabytes

Transfer Rate In Megabytes Per Second:

13.8

Special Features:

Hp storage works dat 160 usb internal tape drive; buffer size 8mb; transfer rate native 6.9mb/s, with 2: 1 compression 13.8mb/s; burst transfer rate 6.9mb/s asynchronous, 160mb/s synchronous; 68-pin wide hd lvd scsi connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506x0
