Overall Length:

3.940 inches

Overall Height:

0.374 inches

Overall Width:

2.750 inches

Design Type:

Hard disk

Product Name:

Wd scorpio 2.5 inch eide hard drive

Interface Type:

Eide

Special Features:

Low power; whisper quiet; rugged design; spins at 5400 rpm, but has power specs similar to slower 4200 rpm drives; shockguard protects the drive mechanics and platter surfaces from shocks. Wd's durastep ramp locks the heads in a secure position away from the disk to provide another layer of protection when the drive is not in use. Utilizing the most technologically advanced material available, the drive can perform a of 600, 000 load/unload cycles without contamination; rigid stainless steel top cover withstands more than 5pounds of pressure without pinching vital internal components

Unpackaged Unit Weight:

0.260 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
