Overall Length:

9.400 inches

Overall Height:

10.100 inches

Overall Width:

26.000 inches

Operating Temperature Range:

+60.0/+86.0 degrees fahrenheit

Resolution Printing Density And Color:

300.0 dot density horizontal color and 300.0 dot density vertical color

Unit Design:

Desk top

Voltage In Volts And Current Type:

240.0 ac

Special Features:

3 track magnetic stripe encoding; used for gift cards, id cards, etc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506k0
