Storage Temperature Range:

-50.0/+105.0 degrees celsius

Product Name:

Low profile pci rs-232, rs-422, rs-485 serial interface

Special Features:

Number of ports: 2; communications chip: 16c850; max. Data distance: 4000 feet; max. Data rate: 921.6k bps; operating temperature: 0-70 degree celsius; humidity range: 10-90 % r.H.; the 7205 is for use in low profile pci slots only

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30800
