Overall Length:

71.200 inches

Overall Height:

80.000 inches

Overall Width:

62.000 inches

Operating Voltage In Volts:

24.0

Interface Type:

Rj45

Special Features:

Data transfer rate 10/100 mbit/s; current consumption: from backplane bus.55ma, from external 24 vdc; 1.75w; operating temperature, horizontal mounting 0 deg. C; vertical mounting 0 deg. C to +45 deg. C; transport/storage temperature, -40 deg. C to 70 deg. C; relative humidity, 95% at +25 deg. C; weight, 150g; number of operable connections, 8; configuration software, step 7-micro/win (from version 3.2 spi)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A502f0
