Overall Height:

42.000 inches

Overall Width:

18.300 inches

Voltage In Volts And Current Type:

115.0 ac

Product Name:

(inavy)table top workstation

Special Features:

Consists of 18" monitor with 1280 x 1024 resolution, 270cd/m2 brightness, 400: 1 contrast ratio, 0.280mm dot pitch, 170 degree/170 degree viewing angle, 40msec response time, 16.7m color display, 359, 0 mm x 287, 2 mm active display area, and dvi - svga video interface; 2 independent audio channels (mono) with independent power and volume controls; pki card reader for operator identification (usb interface)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A506z0
