**Overall Length:**

21.000 inches

**Overall Height:**

1.750 inches

**Overall Width:**

19.000 inches

**Current Rating:**

3.600 amperes

**Wattage Rating:**

180.000 watts

**Voltage In Volts And Current Type:**

240.0 ac

**Product Name:**

Storage array positional trainer

**Special Features:**

4 x 300 gb 10k rpm hdds, up to 320 mb/sec data transfer rate per scsi channel, 2 scsi cables with a dual channel ultra320 scsi card-designed for rack mounted applications-includes sun storedge tm configuration and sun storedge tm diagnostic reporter

**Specification Data:**

Mil-std-810f government standard

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900

**Mil-std (military Standard):**

Mil-std-810 spec.
