Overall Length:

5.000 inches

Overall Height:

29.300 inches

Overall Width:

48.100 inches

Operating Temperature Range:

+32.0/+104.0 degrees fahrenheit

End Application:

Spacelift range systems (slps)

Display Type:

Plasma panel

Unit Design:

Free standing

Product Name:

Video display; large screen plasma display

Interface Type:

Rs 232c

Diagonal Display Size In Inches:

50.0

Display Resolution:

1365 horizontal and 768 vertical

Special Features:

Superior video quality; comprehensive input panel including dvi with hdcp inputs; ir remote id select: enhanced split screen; vesa standard hole pattern enables compatibility with universal mounts; viewing angle 180 deg; weight 112.4 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506z0
