Overall Length:

5.750 inches

Overall Height:

1.000 inches

Overall Width:

4.000 inches

End Application:

Online transaction processing, enterprise, internet, email and e-commerce servers, mission-critical, high-performance raid environments, database server applications, data warehousing and mining, storage area network (san) and network attached storage(nas) , high-performance computing multiuser multimedia, digital a/v and image processing, graphics and medical imaging, and scientific workstations

Design Type:

Hard card

Unit Design:

Desk top

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505e0
