**Special Features:**

Card storage module and reader, rs-232 output level 5v, rs-232 input level low 0.8 v max, high 2.0 v min

**General Description:**

Supply voltage 110 vac to 7.5 vdcadapter, interface type 25 pin d type, subminiature socket rs-232c dce interface

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
