Overall Height:
1.750 inches
Overall Width:
17.400 inches
Key Quantity:
95
Operating Tempurature Range:
+0.9/+50.0 degrees celsius
Computer System Type:
Ps/2
End Application:
Pacelift range systems (slps)
Unit Design:
Rack mounted
Product Name:
Keyboard assembly
Keyboard assembly Special Features:
Special Features:
Special Features: Depth 21.6"; d model integarted 19mm track ball
Special Features: Depth 21.6"; d model integarted 19mm track ball Unpackaged Unit Weight:
Special Features: Depth 21.6"; d model integarted 19mm track ball Unpackaged Unit Weight: 26.400 pounds
Special Features: Depth 21.6"; d model integarted 19mm track ball Unpackaged Unit Weight: 26.400 pounds Shelf Life:
Special Features: Depth 21.6"; d model integarted 19mm track ball Unpackaged Unit Weight: 26.400 pounds Shelf Life: N/a
Special Features: Depth 21.6"; d model integarted 19mm track ball Unpackaged Unit Weight: 26.400 pounds Shelf Life: N/a Unit Of Measure:
Special Features: Depth 21.6"; d model integarted 19mm track ball Unpackaged Unit Weight: 26.400 pounds Shelf Life: N/a Unit Of Measure:
Special Features: Depth 21.6"; d model integarted 19mm track ball Unpackaged Unit Weight: 26.400 pounds Shelf Life: N/a Unit Of Measure: Demilitarization:
Special Features: Depth 21.6"; d model integarted 19mm track ball Unpackaged Unit Weight: 26.400 pounds Shelf Life: N/a Unit Of Measure: Demilitarization: Yes - demil/mli
