End Application:

Ibm ds4000 series stroage system

Design Type:

Disk cartridge

Power Source:

External

Unit Design:

Internal

Drive Quantity:

1

Data Storage Capacity:

300.00 gigabytes

Drive Size:

3.50

Transfer Rate In Megabytes Per Second:

400.0

Special Features:

15000 rpm; internal hot-swapping; 1x fiber channel interface

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505e0
