Overall Length:

34.250 inches

Overall Height:

16.950 inches

Overall Width:

18.900 inches

Operating Temperature Range:

+10.0/+40.0 degrees celsius

End Application:

Assures com system

Unit Design:

Internal

Product Name:

Tape drive lto-3

Drive Height:

Full

Special Features:

Functional description the arcvault 48 tape library provides archival capacity up to 76.8 tb, and can support up to 4 lto4 drives. It supports standard remote management. Barcode and partitioning as well as scsi. Sas and fiber channel interface; voltage 100/120 va (low), 200-240 vac(high) ; power 85watts; frequency 50-60 hz; touch screen front panel

Unpackaged Unit Weight:

51.000 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505e0
