End Application:

Sv-2000-a2-v (4es51) , isns tag server ver 4

Furnished Items And Quantity:

Standard bracket 1

Power Source:

External

Product Name:

(inavy) 1o/100 pci fiber nc st

Special Features:

Width is 6.700 inches (nom); height is 2.600 inches (nom); operating temperature is 0.0 degrees celcius to 50.0 degrees celcius; power consumption is 4.79 watts (max); signaling voltage is 3.3 volts; item is duel fiber and copper interface card

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30800
