Overall Length:

5.800 inches

Overall Height:

1.000 inches

Overall Width:

4.000 inches

Operating Temperature Range:

+41.0/+131.0 degrees fahrenheit

End Application:

Dell dimension/inspiron/optiplex desktops/poweredge servers/precision 390 workstations

Unit Design:

Internal

Product Name:

160 gb 7200 prm serial ata internal hard drive

Drive Quantity:

1

Data Storage Capacity:

160.00 gigabytes

Drive Size:

3.50

Transfer Rate In Megabytes Per Second:

300.0

Special Features:

Interface type serial ata-300; buffer size 8mb; features data lifeguard, shock guard, secure connect, whisper drive, soft seek performance; seek time 8.9ms average; track-to track seek time 2ms; average latency 4.2ms; spindle speed 7200 rpm

Unpackaged Unit Weight:

1.300 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505e0
