**Operating Temperature Range:**

+50.0/+95.0 degrees fahrenheit

**End Application:**

Next generation radar (nexrad)

**Paper Feed Mechanism:**

Tray

**Resolution Printing Density And Color:**

600.0 dot density horizontal color

**Printer Type:**

Laser

**Unit Design:**

Free standing

**Product Name:**

Printer, laser, color, 6100 series

**Special Features:**

Used on open principle user processor

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A506k0
