Operating Temperature Range:

+50.0/+95.0 degrees fahrenheit

End Application:

Next generation radar (nexrad)

Paper Feed Mechanism:

Tray

Resolution Printing Density And Color:

600.0 dot density horizontal color

Printer Type:

Laser

Unit Design:

Free standing

Product Name:

Printer, laser, color, 6100 series

Special Features:

Used on open principle user processor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A506k0
