Operating Temperature Range:

+10.0/+40.0 degrees celsius

Display Type:

Liquid crystal

Unit Design:

Panel mounted

Diagonal Display Size In Inches:

19.0

Display Resolution:

1280 horizontal and 1024 vertical

Special Features:

Color tft panel; active-matrix; medical grade; front sealed for disinfecting; sealed sides and back; anti-glare hard-coated finish

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506z0
