Overall Length:

5.787 inches

Overall Height:

1.028 inches

Overall Width:

4.010 inches

Operating Temperature Range:

+41.0/+131.0 degrees fahrenheit

Design Type:

Hard disk

Unit Design:

Internal

Product Name:

Seagate cheetah 300gb internal hard drive - 300 mbps - 15000 rpm

Interface Type:

Scsi

Drive Quantity:

1

Data Storage Capacity:

300.00 gigabytes

Drive Size:

3.50

Transfer Rate In Megabytes Per Second:

300.0

Special Features:

Is a self-encrypting ahrd drive; form factor 1/3 h; buffer size 16mb; seek time 3.4ms; track to track seek time 0.2ms; areal densi type 165 gbits/inch²; spindle speed 15000 rpm; compatible with windows 7

Unpackaged Unit Weight:

1.500 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505e0
