Overall Length:

4.210 inches

Overall Height:

3.580 inches

Overall Width:

3.060 inches

End Application:

Elek chart sspi sys cvn76 8319262

Unit Design:

Hand held

Technology Type:

Electromagnetic

Special Features:

The "w" in part number indicates a bulkead cable connects to panel (through which a hole is drilled), and the 6-pin connector end of cable plugs into the computer; cable length is 6.000 ft (nom); interface is ps/2; mouse is a 3 button mouse

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A514a0
