Unit Design:

Rack mounted

Product Name:

Network attached storage unit

Drive Quantity:

6

Data Storage Capacity:

2.00 gigabytes

Special Features:

Motherboard with 3.4 ghbyte, ; pentium d cpu; 1.0 terabyte satii interface; 4 gig e ethernet ports; 4 usb 2.0 ports; windows server 2003 with storage server 2003; dvd interface control; storage architecture nas

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505e0
