Overall Length:

2.500 inches

Overall Height:

12.250 inches

Overall Width:

19.000 inches

Operating Temperature Range:

+32.0/+100.0 degrees fahrenheit

End Application:

Distant object attitude measurement system; advance transportable optical tracking system

Display Type:

Liquid crystal

Unit Design:

Rack mounted

Product Name:

Widescreen high definition monitor

Highest Display Capability:

Rgb

Diagonal Display Size In Inches:

17.0

Special Features:

90-265 vac, 47-470 hz; 12 vdc; 10.75 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A506z0
