Overall Length:

5.000 inches

Overall Height:

7.000 inches

Overall Width:

19.000 inches

End Application:

Distant object measurement system-advanced transportable optical tracking system

Display Type:

Liquid crystal

Unit Design:

Rack mounted

Product Name:

Dual 8.4 high definition monitor

Diagonal Display Size In Inches:

8.4

Special Features:

Two 8.4 screens in rackmount; iec input connector; 35w or 12vdc rear panel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506z0
