Overall Length:

5.800 inches

Overall Height:

1.000 inches

Overall Width:

4.000 inches

Unit Design:

Internal

Special Features:

Hard drive: 750gb, interface type: ata-300, buffer size: 32mb, drive transfer rate: 300mbps, average latency: 4.2m, expansion / connectivity: 1 x serial ata-300-7pin serial ata, compatible bays: 1x internal 3.5 inch x 1/3 inch high, stable track, intelligiseek, shock sensor, dual processor, time-limited error recovery (tler)perpendicular magnet recording (pmr)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505e0
