Overall Length:

18.500 inches

Overall Height:

1.500 inches

Overall Width:

15.400 inches

Wattage Rating In Watts:

69.0

Unit Design:

Desk top

Interface Type:

Usb and db9 and rj45

Special Features:

Plug-in module, status indicators: fan, link, power, connector type: rj-45, interface: 10base-t/100base-tx/1000base-t, compatibility: pc, power consumption: 69watts, slots: free 1, total 1 type: compactflash card, flash memory: 2gb, performance: type switching fabric bandwidth, value: 512gbps, ram: 1gb, humidity range operating: 0-85 degrees non-condensing, storage: 0-95 degrees non-condensing, min operating temperature: 32 degrees fahrenheit to maximum 104 degrees fahrenheit, storage temperature: min -13 degrees fahrenheit to maximum 150 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A502f0
