Direct Current Voltage Rating In Volts:

24.0

Case Material:

Aluminum alloy

Storage Temperature Range:

-40.0 to 85.0 degrees celsius

Power Source:

External

Features Provided:

Ruggedized and electromagnetic interference shielding

Product Name:

Switch, ethernet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30800
