Overall Length:

5.000 inches

Overall Height:

0.900 inches

Overall Width:

3.300 inches

Operating Temperature Range:

+41.0 to 104.0 degrees fahrenheit

Design Type:

Hard disk

Unit Design:

Portable

Product Name:

Portable external hard drive

Drive Quantity:

1

Data Storage Capacity:

1000.0 gigabytes

Special Features:

1tb of storage; 2 x firewire ports; 1 x usb port; bus powered; supports apple time machine backups; anodized aluminum enclosure; formatted for mac, windows compatible; wd utility and security software

Unpackaged Unit Weight:

0.68 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505e0
