Alternating Current Voltage Rating In Volts:

100.0 and 240.0

Storage Temperature Range:

-40.0 to 158.0 degrees fahrenheit

Power Source:

External

Features Provided:

Rohs directive compliance

Special Features:

Operating temperature 32 to 113 degree f; 110w power rating

Frequency In Hertz:

50.0 and 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30800
