Overall Height:

324.0 millimeters

Overall Width:

269.0 millimeters

Storage Tempurature Range:

-40.0 to 140.0 degrees fahrenheit

Unpackaged Unit Weight:

36.0 pounds

Product Name:

Rfid printer and encoder

Special Features:

Printing type: thermal transfer and direct thermal; communications: usb port, serial port, ethernet, and bluetooth; designed to print rfid

tags

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
