End Application:

3.5c, m7c, e8c, 8c, 10l, 7l, m12l, i12l transducers for logiq 9

Product Name:

B-flow option

Special Features:

Exclusive code scan technology for real-time hemodynamics and superior wall definition; combines high resolution/high frame rates of b-mode imaging with the ability to detect and display real-time blood flow; high/low presets for heightened visualization of high and low flow states, small vessels, and enhanced sensitivity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500p0
