**End Application:**

3.5c, m7c, e8c, 8c, 10l, 7l, m12l, i12l transducers for logiq 9

**Product Name:**

B-flow option

**Special Features:**

Exclusive code scan technology for real-time hemodynamics and superior wall definition; combines high resolution/high frame rates of b-mode imaging with the ability to detect and display real-time blood flow; high/low presets for heightened visualization of high and low flow states, small vessels, and enhanced sensitivity

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A500p0
