End Application:

Ground systems communications

Disk Quantity:

1

Disk Type:

Optical

Features Provided:

Programmable

Manufacturers Program Name:

Sun storage configuration service management diagnostic reporter software

Disk Size:

3.50

Programming Language:

Basic

Operating System Type/name:

Windows

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A500p0
