End Application:

Stanag 5066 and stanag 4538 protocols

Product Name:

Wireless gateway assembly, pci

Special Features:

Seamlessly transmits email over hf/vhf/uhf radio, lan, microwave satellite or land line media, accomodates variety of cryptographic devices for enhanced security including embedded and external cryptos

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
