Overall Length:

34.625 inches

Overall Height:

11.875 inches

Overall Width:

23.250 inches

Erasing Method:

Magnetic field

Reel Quantity Accommodated:

1

Magazine Quantity Accommodated:

1

Magnet Type:

Electromagnet

Erase Current Rating:

16.0 amperes

Erase Voltage In Volts:

208.0

Special Features:

Accepts reels up to 14" diameter and 2" in height, eight 1/2" computer cartridges per cycle, nine 1/4" computer cartridges per cycle, two 10 1/2" computer reels per cycle, four vhs cassettes per cycle, 1/2 height hard drives w/o disassembly; -90 db using standardized, over saturated, long wave length signals, declassifies media up to 750 oersteds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T207-b
